CORI Certification for anyone on Jabberwocky campus  
How to provide health consultation to the kids/parents moving to the high school (what vaping is, etc)  
How will we handle office communication to the 2 locations, early dismissal, late arrival, signing kids in and out, absences.  
Resource officer for 2 locations (work with OB, probably legal reasons tisbury cant assign in OB, but lets check)  
Part time nurse to handle 5-8 at high school  
What does recess look like for 5-8 at high school  
Lockers, backpacks and bathrooms at high school  
Financial hardship for folks who don't have daycare for another week. Options at the Y, something to pinch hit  
How to do lunch services at high school  
Bus drop off for kids coming from 2 locations, not likely on same exact schedule  
Crossing guards in jabberwocky neighborhood  
Jabberwocky to Y after school program  
Specials...how is that going to work.  
do we need to do the usual town procurement process.

Those were the main items I jotted down.

We do have the bigger budget question.....

best,
