Welcome - Chair

(Agenda Item #I)

Chair Lionette thanked Principal Sara Dingley, the staff and students for representing not only the school but the community during trying circumstances; everyone was impressed.

Public Comment

(Agenda Item #II)

Kelly McCracken expressed her anger over the fact girls sports teams continued to be displaced from their locker rooms for the visiting boys teams. This was an issue that continued from last year;

MARTHA'S VINEYARD REGIONAL HIGH SCHOOL / School Committee Meeting
Monday, October 3, 2022 at 6:00 PM

she asked for this to be addressed immediately and who would be the person/s to do so. Vice Chair (VC) Kimberly Kirk thanked Ms. McCracken for being at the meeting and advocating for girls sports; VC Kirk said an Athletic Sub-Committee was being formed to address these issues and others.

Ms. McCracken asked Superintendent Richie Smith to explain what baseline was used for the Massachusetts Comprehensive Assessment System (MCAS) testing cited in a newspaper story. Both he and Principal Dingley explained in detail the process and references for this testing program. Superintendent Smith said the student reports would be delivered electronically over the next day with hard copies to follow.

Ms. McCracken expressed her concerns over privacy when the Spanish speaking students were off campus to assist [the migrants], she wanted to ensure there were enough steps in place to keep students safe; Principal Dingley said students released from school had parental permission, others went directly from home. Superintendent Smith said those that responded did so from a sense of duty and responsibility, he applauded all that stepped up in an urgent situation; he said Principal Dingley looked out for the interest and welfare of the students in all situations.

Beka ElDeiry spoke in support of grass fields and asked the Committee to cease the litigation against the Town; she referenced a recent story in *The Guardian*; Chair Lionette asked others not to jump in with comments, he was not opening this topic up for discussion as it was not on the agenda.

Routine Reports

(Agenda Item #III)

A. Student Report

1. Student Report of Activities:

The Junior Class President and Vice President recapped the following:

- Fundraising was going well; there was a total of \$4000 in the junior class account; they sold out of food at the first game.
- Homecoming was planned by the sophomore class; the selection of a Homecoming King and Queen was not a practice with their generation as they continued to focus on equality.
- They were encouraging more engagement for spirit week by making it a bit more competitive.
- Students asked why the grade point averages (GPA's) were not released earlier in their junior year, as this was the time college applications were underway.
- There were questions around posting of grades by teachers and the new '10 minute' late policy.

Members encouraged a presentation of how students were supported as they prepared for college, the new honor roll and so on. Principal Dingley detailed the process and execution of the '10 minute' late policy. She said lateness was a big problem in the past as students passed between classes; this has cut down on lateness in total.

B. Superintendent

1. General Report:

Superintendent Smith announced that contracts were signed for Interim Assistant Superintendents Marge Harris (curriculum and instruction, 10 hr/wk, \$26,000 in total) and John Stevens (operations, facilities, and special projects, 20 hr/wk, \$53,000 in total) for the remainder of the school year.

Members recommended adding the individual that would step into the Superintendent's position if needed; Mr. Stevens would be that person, his contract would be updated.

C. Principal

1. School Advisory Council (SAC):

Ms. ElDeiry said the first meeting was held in September where ideas and goals were discussed; all attendees were very supportive; there was a recommendation to build school spirit.

SAC was: helping to organize a dessert social for Back-to-School night; exploring ways to host discussions focused on parenting Island teens; preparing to discuss School Improvement Plans (SIP) for the budget process in November.

2. PV (Project Vine) teacher of the year:

Principal Dingley said Jeffrey C. Riley, Commissioner of Elementary and Secondary Education, visited on Tuesday to present the 2023 Massachusetts Teacher of the Year to Danielle (Dani) Charbonneau.

3. Kim Garrison - Feasibility Study:

Kim Garrison said her Vision Fellowship was coming to an end. She recapped the changes and shifts of the program for a School Based Health Center since the study began; the report would be finalized and presented to the community on November 3, 2022.

The next phase of this process would be implementation; grant funding would support much of the staffing, hosting [retro-fitting] of the space, and so forth, for implementation.

4. Performing Arts Department (PAD) Request Ticket Sales:

Abigail Chandler and Brooke Hardman Ditchfield described how the theater program had evolved over the last eight years and that more funding was needed to sustain and continue to grow this program. In 2018, a gift from The Kathryn Goodman Foundation funded the program in a real way; this gift was given in perpetuity. They proposed taking a percentage of show ticket sales to continue securing funds. With box office sales upwards of \$10,000, that would be a huge help to the program and potentially support a second non-musical show each year. They said they were poised to be a self-sustaining program at the school.

Principal Dingley explained the PAC revolving fund was a separate fund with revenues generated from outside organizations that rented the space. She described the curricular and co-curricular aspect of the PAD programs; in class and after school was intertwined.

Members discussed other school activities that had ticket sales and how those receipts were recorded as revenue in the General Fund; they cautioned transferring receipts from the door to underwrite the program could become a 'sticky' situation; they were unsure how to approach this request. Other departments that generated funds (e.g. football) did not have access to those funds. They all agreed that this should be reviewed at a Budget Sub-Committee meeting.

MSBA/ Regional Agreement

(Agenda Item #VI)

A. Update:

Samuel Hart said the Regional Agreement had been recommended by The Massachusetts Department of Elementary and Secondary Education (DESE) to the Commissioner; we/MVRHS SC would like to send a letter to the towns with this development as well as a one page summary that outlined the changes. He said over the next months, the goal was to meet with each of the towns and review the changes with the FinComs and Select Boards before the Annual Town Meetings where the feasibility study vote would happen.

The Committee was asked to accept the letter and summary so that Superintendent Smith, Mr. Hart and Mr. Friedman could begin to schedule meetings and conversations with the towns.

Members stated they did not have enough time to review the documents and asked to postpone the vote; all were in agreement to meet by Zoom on Thursday, October 6, 2022 at 5:30 PM to edit, review and approve the letter as time was of the essence.

B. Building Committee Vote:

Superintendent Smith said the deadlines were approaching quickly; the administration was working on this every day to move the process forward as there was urgency to hit the marks. He said ultimately the MVRHS SC would have approval of the membership. The project needed a cohesive group that

A lengthy discussion ensued over the process and the selection of members; recommendations were made and acknowledged. Superintendent Smith was happy to defer selections to the Select Boards; Principal Dingley asked for them to select three from each town; Mr. Hart was concerned how this would fit into the timeline.

VC Kirk said she felt this authority was delegated away from the MVRHS SC without her knowledge, she expressed her frustration; others expressed the same concern; Principal Dingley invited everyone to the Friday meetings that were held from 8:00 - 9:00 AM.
