*\*Louis Paciello arrived at 7:01 PM.*

**Please note: All business will consist of a discussion and possible *vote* to take action.**

**Call to Order**

The meeting of the Martha’s Vineyard Regional High School Committee (MVRHS SC) was called to order at 6:39 PM by Chair Kathryn Shertzer; all votes would be taken by roll call. Public participation was encouraged, and asked to use the Zoom ‘hand raise’ feature to be recognized. The meeting was recorded; video cameras were asked to be turned off except for MVRHS SC members or Administrators or when actively participating; attendees were asked to identify themselves with first and last names. (*Recorder’s Note: Discussions are summarized and grouped for clarity and brevity.*)

**Welcome - Chair**

(Agenda Item #I)

Chair Shertzer said the meeting was moved to a later time to accommodate those that attended the Edgartown School Budget meeting that was scheduled earlier that evening.

**Routine Reports**

(Agenda Item #II)

**A. Student Report**

**1. Student Report of Activities**

Assistant Principal Jeremy Light read the prepared statement of activities; the students were not present due to extenuating circumstances. Chair Shertzer acknowledged the recent passing of a student and asked for a moment of silence.

Monday, January 8, 2024 at 6:30 PM**

**B. Principal**

**1. New England Association of Schools and Colleges Update**

Principal Sara Dingley described the accreditation process; she said the MVRHS had been delayed due to COVID-19. She recapped the value in attending the December 2023, New England Association of Schools Conference held in Boston; she thanked the Committee for the financial support to attend.

Principal Dingley asked for a moment to speak as a representative of the staff, a moment to share thoughts as a staff - to put a voice to the people in the building. She asked for the focus to be on the Massachusetts School Building Authority process.

---

*Principal Dingley Read Her Prepared Statement For The Record As Follows:*

*The ongoing litigation and maneuvering over the field project continues. Increasingly it is damaging the brand and the morale of MVRHS. Students still see little meaningful progress, and the staff in the building are voicing their frustration that this battle is happening— with little input from or engagement with them about what they would like to see and what cause they would champion.*

*Like the staff, much of the high school administration has been distant from this process—as was illustrated in the recent demolition filing.*

*To be clear, neither I, nor members of my leadership team were consulted or informed prior to this filing.*

*In part, that is because I have tried to separate my leadership of the building from the politics of the battle over the surface of the field. It does me no good as a leader to align myself in a struggle that is so divisive. However, right now, we find ourselves with continued litigation, and maneuvering that does not feel collaborative.*

*Tonight, I ask that the core priorities of our school—that of educating and supporting our students, and of ensuring our golden ticket— a complete facilities overall subsidized by the Massachusetts State Building Authority—be elevated and given proper attention.*

***There are a few points I would like on record:***

*#1: The main project on my mind is the once in a lifetime opportunity for the island to completely overhaul our facility with the financial support of the state. This should be the centerpiece of our attention. Town leaders modeled collaboration and compromise to hammer out a funding formula that paved the way for us to gain entry to the MSBA. They compromised in ways that seemed insurmountable. We owe it to them, and to generations of island kids, to protect this opportunity. We can not mess this up.*

*#2: The sentiment in the community as a result of the litigation over this project has politicized our operating budget. This is the budget that supports teachers, gets kids into college and into technical fields within our community, welcomes new arrivals and teaches them English. Enduring another season of town meetings in which the school*

**MARTHA'S VINEYARD REGIONAL HIGH SCHOOL / School Committee Meeting**  
**Monday, January 8, 2024 at 6:30 PM**

*leadership has to shadow box an argument that has nothing to do with the general operation of school is not something I look forward to. In real terms, it could potentially lead to our inability to post for new positions until summer. We would get no applicants for new positions in the budget. There are real—not symbolic—consequences for this.*

*#3: We can have a substantial field project that doesn't endure years of litigation. We can use Huntress' design for a new layout that includes additional fields, a new track, a new field house, new grandstand and lighting—and it can be done in a way that avoids lawsuits. That being said, I truly am agnostic about the surface—many at the high school are too, but the continued litigation is not getting the project any closer to completion.*

*Here is what I request:*

*First, engage with the staff and students of the high school. The governance structure of the school committee is such that members are beholden to their towns, and therefore, that is where much of the engagement about this project has happened—between school committee members and the voters in the individual towns. I would like the members to consider engaging directly with the school staff, school leadership and its current and future students. I would assert that we are your most important constituency. I invite you to our staff meetings—we have one on Wednesday January 10— to listen to staff and hear our ideas and concerns. Come back and engage with students in roundtable discussions about their priorities. This may have happened 8 years ago, but times have changed and people's thoughts may have as well. There are lots of ideas floating around, and questions that people have about the timeline and logistics of the project.*

*Second:*

*Certify our lean FY25 operating budget, and then show up as a group to support it at all the fincoms and at all the town meetings. Be present to answer questions and ensure that all people know that the operating budget is separate from the litigation and activities related to the field project. We are an islandwide institution and this islandwide governance body should be present to signal support and engage on behalf of this regional high school—not just in individual towns. Our students and staff deserve that support.*

*Finally:*

*Agree that the building project is our main priority right from this point forward. Unlike 8 years ago, we are moving down the road with the MSBA project. Let's acknowledge that things have changed. No one expected this project to continue for 8 years, but here we are. As we move forward and strategize about our facility, keep the overall building project as the center, and make decisions around the field project accordingly. We can have both projects, but only if the island is willing to support us. For that to happen, both sides need to truly compromise.*

*Thank you for allowing me to speak.*

Chair Shertzer thanked Principal Dingley and moved on to the next agenda item.

**MARTHA'S VINEYARD REGIONAL HIGH SCHOOL / School Committee Meeting  
Monday, January 8, 2024 at 6:30 PM**

**C. Superintendent**

**1. General Update**

Superintendent Richard M. Smith reviewed the concerns around transportation for the athletic teams and the challenges students face with early dismissals and time for studies. He described the issues of having a 'travel bus' at the ready for teams and said for the remainder of the season it would be available for all teams.

Superintendent Smith spoke in support of Principal Dingley's statement; he appreciated that she expressed the concerns of her staff.

**2. Budget Update Island-wide**

Superintendent Smith said things were moving forward and detailed the timeline and approvals to date.

**D. Massachusetts School Building Authority (MSBA) Update**

Samuel Hart said an Owner's Project Manager (OPM) was selected; the process of selecting a designer/architect was underway. He said members of the School Building Committee had changed - it was anticipated one member would step down. Members discussed the next 'big steps' in the timeline, including presentations to the towns; Mr. Hart said the timeline [target] for the towns was fiscal year 2027.

**Appeal Update/ Next Steps**

(Agenda Item #III)

Attorney Brian Winner said there was nothing needed at this time - there was nothing new to report; he indicated he was present in case there were questions; there would not be a charge for this evening's session. Michael Watts said discussions were tabled with Attorney Winner due to lack of funds.

A lengthy discussion/debate ensued for:

- process and the steps that had been taken for the demolition permit and the ramifications, as everyone was not aware of this step.
  - to withdraw the permit application.
- to established better communications
- to establish timelines
- to establish processes to move forward including an OPM and the [needed] funding.
- if the track and field project could be part of the MSBA project.

Superintendent Smith the process for the public to understand was important to move the project forward - this was the place/forum to clarify that for the community.

Ms. Cioffi presented the \$2000.00 cash donation from multiple donors; she read the letter as follows:

*To whome it may concern:*

*Please accept this donation of \$2,000.00 For use towards the legal fees, permitting, and construction of the Athletic track and fields project. After the MV Times Article "School committee seeks donations to fight turf appeal" was published a few people came to me and gave me this money. They wish to remain anonymous. I understand that this has been an issue that causes concern for some in the community so therefore you can put my name attached to the donation. I would not like the credit as it came from the generosity of others but agreed to so they can remain anonymous. I will recuse myself from the vote to accept this donation. Thank you, Louis Paciello*

*KRIS O'BRIEN MOVED TO ACCEPT; MICHAEL WATTS SECONDED.  
THE MOTION WAS TABLED.*
